Hi Sally

Would you please provide both myself and Holly White at Cohn and Wolfe copies of the proofs.

Thanks in advance

Cheers Sheila

Yes, please. Originally we had planned to do extensive media relations surrounding this study until we actually viewed the results. Essentially the study did not really show Paxil was effective in treating adolescent depression, which is not something we want to publicize. However, we should prepare a Q&A and key messages in case reporters do cover this study. The proofs would definitely come in handy.

Hi Holly

Do you want to receive copies of the proofs? Should we do any media around the publication?

Cheers Sheila
